Visual Arts Response Activity

Study*ladder*

Experimenting with blocks of shape and colour.

- *Find a ruler and some objects that have curved edges you can trace around. You could use different sized cups, plates or use a compass.*
- *Create closed shapes using a combination of curved and straight lines. Straight lines should only be vertical or horizontal. A simple design is best. Keep your shapes large.*
- *Use oil pastels to fill in the blocks of colour. Use different colours in areas that are next to each other. Select bright colours that you think might look nice together.*
- *Hang your creation on the wall or use it as a book covering!*
