

# Dinosaur Facts (true or false)

- 1 Modern humans hunted dinosaurs for food.
- 2 We know dinosaurs existed because we have photographs.
- 3 We believe an asteroid caused the extinction of dinosaurs.
- 4 All dinosaurs were larger than buses.
- 5 Carnivores had sharp teeth.
- 6 A tyrannosaurus was a gentle creature.
- 7 98 % of dinosaurs could fly.
- 8 All dinosaurs were vegetarians (herbivores).
- 9 Carnivores only ever ate herbivores.
- 10 We can only guess what a dinosaur's skin looked like because we have only ever found their bones.
- 11 Although larger dinosaurs became extinct, some smaller animals survived because they needed less to eat to survive.
- 12 Scientists believe that crocodiles are directly related to dinosaurs.
