

Fingerprint Characters

Study*ladder*

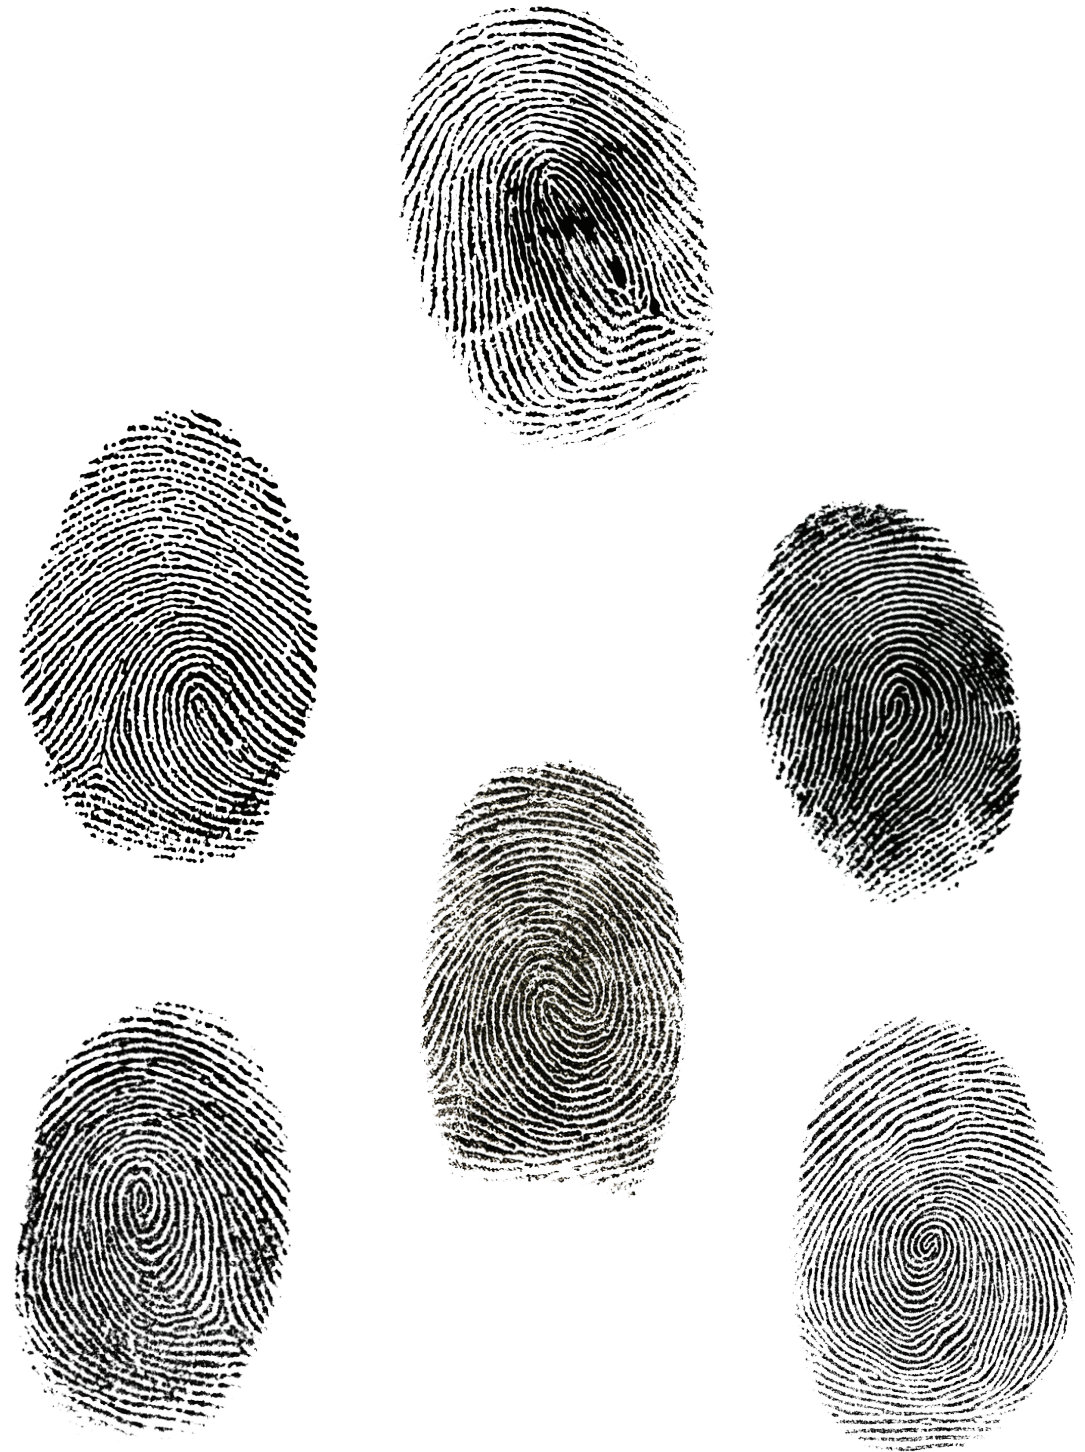

You are Unique

No two people are exactly alike. We are all different. We are all unique.

Have a look at your fingertips. If you look closely enough, you will see a pattern of lines in your skin that is unique to you. If you compare each of your fingers you will find that they are all different!

Can you see some patterns in these fingerprints that are similar to yours?

Comparing Fingerprint Patterns

Compare your fingerprints with your classmates. Press your thumb or index finger on a stamp pad then press to make a finger print on some white paper.

Allow the prints to dry then find another person who has a similar pattern to you.

Get Creative

Print some ink fingerprints on a piece of paper.

Use felt tipped markers to turn your fingerprints into crazy cartoon characters.

Compare your ideas with your friends. No two characters will be the same!
