

# Opposites

## Antonyms

An antonym is a word opposite in meaning to another. For example, the antonym of "hot" is "cold".

- hard**      happy cold soft warm
- asleep**    tired awake walking happy
- wet**        rain hot cool dry
- black**      white dark red light
- tall**        long giraffe big short

## Light or Heavy?

Circle which is heavier:

dog OR elephant?

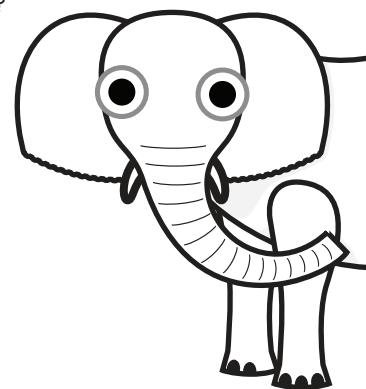

whale OR dolphin?

canary OR tiger?

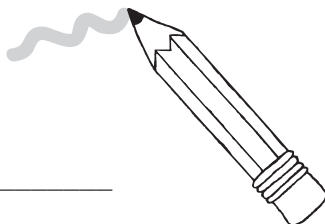

pencil OR shoe?

balloon OR apple?

## Art

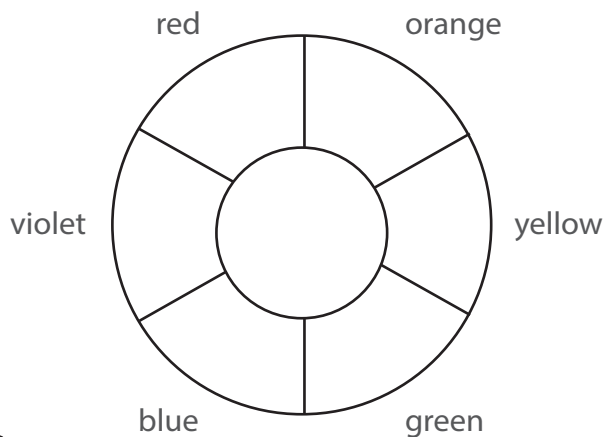

The three **primary** colours are red, yellow and blue.  
 The three **secondary** colours are orange, violet and green.  
 These are made by mixing the two of the primary colours.  
 For example, if you mix blue and yellow, it makes green.  
 Colours that are **opposite** each other on the colour wheel are "**complementary**" colours.

### Complementary colours

- What colour is opposite red \_\_\_\_\_
- What colour is opposite blue \_\_\_\_\_
- What colour is opposite violet \_\_\_\_\_

## The Colour Wheel

Use crayons or pencils to colour the colour wheel.
