What is Prejudice?

Prejudice is having a preconceived opinion that is not based on reason or actual experience.

What is Discrimination?

Unjust or prejudicial treatment of different categories of people, especially on the grounds of race, age, or sex.

Racism: the belief that all members of each race possess characteristics or abilities specific to that race, especially so as to distinguish it as inferior or superior to another race or races.

Hands up for the elimination of racial discrimination!

Let's deal with cultural, racial and religious intolerance by promoting respect, fairness and a sense of belonging for everyone.
