

Expanded notation

- 1 The four digit number is expanded as shown. What's the value of the missing number?

1 3 1 6

$$\boxed{1000} + \boxed{300} + \boxed{?} + \boxed{6}$$

A:

- 2 The four digit number is expanded as shown. What's the value of the missing number?

7 7 7 0

$$\boxed{?} + \boxed{700} + \boxed{70} + \boxed{0}$$

A:

- 3 The four digit number is expanded as shown. What's the value of the missing number?

6 3 6 9

$$\boxed{6000} + \boxed{300} + \boxed{?} + \boxed{9}$$

A:

- 4 The four digit number is expanded as shown. What's the value of the missing number?

5 7 7 8

$$\boxed{5000} + \boxed{700} + \boxed{?} + \boxed{8}$$

A:

- 5 The four digit number is expanded as shown. What's the value of the missing number?

4 9 3 9

$$\boxed{4000} + \boxed{?} + \boxed{30} + \boxed{1}$$

A:

- 6 The four digit number is expanded as shown. What's the value of the missing number?

2 7 2 1

$$\boxed{?} + \boxed{700} + \boxed{2} + \boxed{1}$$

A:

- 7 The four digit number is expanded as shown. What's the value of the missing number?

2 7 0 9

$$\boxed{2000} + \boxed{700} + \boxed{0} + \boxed{?}$$

A:

- 8 The four digit number is expanded as shown. What's the value of the missing number?

1 0 4 0

$$\boxed{1000} + \boxed{?} + \boxed{40} + \boxed{6}$$

A:

- 9 The four digit number is expanded as shown. What's the value of the missing number?

2 0 9 3

$$\boxed{2000} + \boxed{?} + \boxed{9} + \boxed{3}$$

A:

- 10 The four digit number is expanded as shown. What's the value of the missing number?

9 0 0 0

$$\boxed{9000} + \boxed{0} + \boxed{?} + \boxed{0}$$
